"EVERYBODY'S HOUSE" BURNS

Landmark, at Crab Orchard Destroyed—Old Folks' Concert a Delightful Affair.

Crab Orchard, March 24. Early Wednesday morning the house on Lancaster street occupied by Mr. and Mrs. Elam, was discovered to be on fire, and as a terrific wind was blowing, it was soon beyond control. Excitement ran high when it was said Mrs. Elam was in bed, and burning to death and many heroic efforts were put forth to save her. Mrs. Mary Morgan rushed into the burning building to save her, and had the whole front part of her hair burned off. Little Frank Adams was also a hero, who rushed in and by main force dragged Mr. Elam out. Mrs. Elam was not in the house as was supposed, but safe on the outside. The building known as "Everybody's House," was entirely destroyed and about one hundred bales of hay which were stored in the upper part. The building was owned by the Buchanan heirs, and was once the home of Mrs. Rena Stuart. The owners had several hundred dollars insurance with a Stanford agent. By great and heroic efforts of citizens of the town, the College and house belonging to Mr. Chadwick, just opposite, were saved. Prof. Hathfield and his teachers in the Graded School assembled all the children in the lower recitation room, on the East side of building, ready at a moment's notice to escape in safety. The smoke and heat in front of the college was suffocating, and windows hot, and a strong wind blowing the flame to it, seemed a miracle it should escape. Mr. and Mrs. Elam, old and sick and perfectly helpless, are turned out without saving one thing, not even clothing and were sent to the home of Maurice Perkins until some place can be secured for them. This is such a fine chance for those financially blessed to show their gratitude to God, by donating something to help these poor, old, worthy people to feel they are not entirely forsaken, and cast away.

Keep your property of all kinds always protected by Jesse D. Wear, the Insurance Man of Stanford,

The Concert given by the old ladies of the Christian church at Crab Orchard Springs Saturday evening was a great success. Not only did everyone express himself well paid for attending, but they made the old ladies feel good by their kind expression and compliments of their work. \$39.80 were the proceeds and the old ladies desire to thank each one present both for attendance and kind words of praise. The old songs were enjoyed and the music and acting was especially good. The dialogues for the occasion, "A Backwoods Merchant of Kentucky," acted by Thomas Hays Brionaugh and Billy George Holdman, and "An Old Maid's Tea Party," acted by Mrs. Daisy Hunt, Mrs. Allie Pettus, Mrs. Anna Napier and Misses Maymie Holdman and John Eva Hilton, were composed by Mrs. Bettie Buchanan and were splendidly acted, and brought forth many laughs from the audience. "Ben Bolt" was sweetly sung by Mrs. M. E. Fish, and her two daughters, Mrs. Pettus and Mrs. Newland. "Juanita" was sung splendidly by Mrs. Stephens and Miss Tanner Thompson; "Silver Threads Among the Gold," sung by Mrs. Cherry and Mrs. Pettus, was beautiful. "Annie Laurie" was sweetly sung by Mrs. Jamie Carpenter and Miss Tanner Thompson and was splendidly rendered, as was the sweet old song, "When You and I Were Young Maggie," by Misses John Eva Hilton and Tanner Thompson.

Instrumental duet by Miss Stephenson and Mrs. Pettus, "Midnight Fire Alarm," was splendidly rendered, and the duet played by Mrs. Kit Thompson and Mrs. Jamie Carpenter called forth loud applause.

A selection on the harp by Miss Tanner Thompson as well as instrumental composition of her own were greatly enjoyed and complimented. The recitations were especially fine and showed great elocutionary talent. "Somebody's Darling," was splendidly and feelingly recited by Mrs. Daisy Hunt. "Old Soapy," one of the finest temperance selections, was recited by Miss Elizabeth Gentry of Brodhead in one of the most pleasing and impressive ways we ever heard. She is a fine reader and received a medal at a contest on this selection. "Kentucky Philosophy" was splendidly rendered by Miss Tanner Thompson, who was recalled to the stage and recited "Jemima's Courtship," which was greatly applauded. "Bill's In Trouble," was very beautifully rendered by Mrs. Willis. "The Rappahannock," by Mrs. Anna Napier, and "The Mason's Secret," by Mrs. Buchanan, both were greatly enjoyed and applauded and the beautiful selection, "Laska," was finely rendered by Mrs. Newland in her best elocutionary effort. She is a fine speaker.

"Dixie," "Massa's In de Cold, Cold Ground," "Auld Lang Syne," and "Old Kentucky Home," were choruses sung by all the ladies. "Old Black Joe," was sung by Mrs. M. E. Fish, Mrs. Bettie Buchanan, Mrs. Allie Pettus, Mrs. Caltha Newland and Misses Bragg, Thompson, George Holmes and Mr. Peters. The ladies were indebted to George Holmes, Bragg Thompson and Mr. Peters for help rendered in their singing and thank everyone again for their kind expressions.

LATEST NEWS FROM MEXICO.

A message received from Gen. Berlani last night at El Paso stated that Villa had been surrounded by Carranza and American troops at El Oro after a battle at Naumiquipas.

Gen. Bell yesterday wired Gen. Funston that after investigation he had "confirmed" the report that Gen. Herrera had revolted against Carranza. He added that it was his information that the Mexican leader would operate independently against the American punitive expedition.

The Carranza officials at Juarez and along the border at other points, however, insisted that they had positive information that the commander at Chihuahua had not deserted the first chief. Telegrams, said to be from Herrera were shown to substantiate their statements.

A RATHER EXPENSIVE "BUSS."

A dispatch from Frankfort says that E. Webb, a teacher of Russell county, fined \$400 and sentenced to 100 days in jail for detaining and kissing Fannie Carter, was pardoned by the governor of the 100-day jail sentence. Immediately following the osculatory offense, Joe Carter, the girl's father, beat Webb with his fists cut him with a knife, shot him in the hand and knocked him unconscious with the butt of the revolver, and Webb declared, "called him out of his name." The evidence showed that Webb's intent went to further than the kiss and the Governor thought the punishment already received amply fit the crime.

THIS WILL AFFECT MANY SUBSCRIBERS TO THE I. J.

White paper, upon which the Interior Journal is printed, has almost doubled in price the past few months, and a great many country newspapers which are hard hit by the raise in price of raw paper, are increasing their subscription rates. The I. J. will not do this, however, but will be compelled to operate upon a strictly cash-in-advance basis in the future. It plans to notify its subscribers short time before their subscriptions expire; and if renewal is not received by the end of the month in which a subscription has expired, the name will be removed from the list. The I. J. at \$1 a year is the cheapest newspaper in the state. City dailies, magazines and a great many other papers all stop when a subscriber's time is up, and the I. J. will, from now on, do likewise. Quite a number of its subscribers are now from several months up to a year or so behind. These are being notified, and unless heard from at once, their names will soon be removed from the list. The I. J. hopes that every one of its great family of readers will continue with it under this new arrangement, which it is compelled to make in view of the rapidly increase of paper and other materials of all sorts used in producing it twice a week.

AD THOMAS GOING UP.

The Lexington Herald said this week of Ad Thomas, the son of Editor Henry Thomas, of the Casey County News, who gives promise of developing into a pitcher of big league calibre: "Ad Thomas, the well known Colt left-hander, came in yesterday from his home at Liberty, Ky., for a conference with Manager Howard Guyn. Thomas was sent a contract this spring, but has not yet signed. He will probably affix his signature to the paper today. Thomas has earned no little prominence in politics in his home county since leaving Lexington last fall at the close of the season. He was sent as a delegate from his district to the Casey county Republican convention and was delegated to represent the county in the state convention at Louisville. Ad has made several speeches and his ability to hook the English language over the plate has won him a reputation at home."

THE I. J. AT CRAB ORCHARD.

Mrs. Bettie Buchanan, who has been the I. J.'s efficient correspondent at Crab Orchard, for several years, has arranged to represent this paper for the collection of subscription and other accounts and will likewise take orders for advertising and printing of all sorts. In the future the I. J. will not be sent unless payment of subscription is made in advance for a year, so that its host of readers in the East should see Mrs. Buchanan at once and keep their subscriptions paid up so as not to miss an issue, for all papers will be stopped henceforth, as soon as the time for which they are paid, expires.

BIG CROWDS SEE BIG PICTURE.

A tremendous crowd saw "The Battle Cry of Peace" at the opera house Wednesday afternoon and night, and various opinions are heard expressed of it. It is a stupendous production, showing in vivid from this nation's state of unpreparedness for war. The rumor that it was produced for the purpose of promoting business for munitions manufacturers seems to have substantial basis according to the opinions of most of those who saw the picture. The Stanford orchestra, composed of Messrs. Frank Weatherford, George DeBorde, Arnold Brady and Clarence Singleton made delightful music for the play.

WIND BLOWS BIG BARN DOWN

Young Cyclone Does Much Damage In Various Sections.

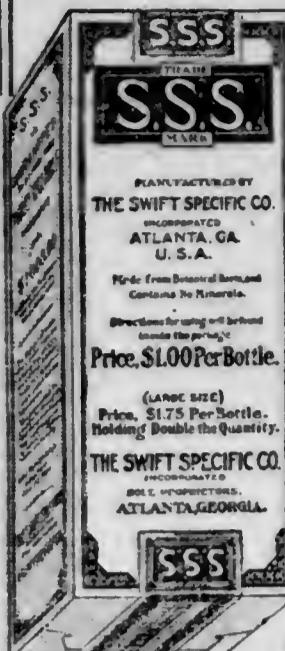

MRS. BEECHER ADAMS DEAD

Former Hustonville Lady, Passes Away at Home in Danville.

The severe windstorm which raged over this section of the state Wednesday, approached at times, almost the violence of a hurricane or cyclone, and reports of damage in various sections are coming in. The large stock and barns, two miles from Lancaster on the Crab Orchard pike, was blown down by a terrific wind which struck it soon after noon, and is a total loss. Mr. Perkins had a quantity of hay and grain, and a lot of farming machinery in the building, which

‘Healthgrams’ On Skin-Flashed to Thousands

One of Nature’s signals is an unhealthy skin. It is a scientific fact that the skin indicates the condition of the blood and the blood is the building material for the body and all its vital parts. Unless the blood is nourished and kept rich and healthy, it will eventually react on the organs it feeds and reduce the individual to a pitiful condition. Little do people realize the physical ailments that drain away strength and vitality that can be traced straight to the poor supply of blood. Pimples, Eczema, Salt Rheumatism, Carbuncles, Boils, Catarrh with its obnoxious results and the tendency to easily catch cold, Malaria and scores of other equally serious ailments, are all manifestations of bad blood. For over 50 years S. S. S. has been a mighty remedy for these disorders. Thousands of men and women have been relieved or actually cured by S. S. S. Many of them had spent years and hundreds of dollars for other remedies in a fruitless endeavor to regain health—a marvelous tribute to S. S. S. S. S. S. is purely vegetable and when taken into the stomach is absorbed by the blood, supplying certain elements which stimulate the action of the blood corpuscles and help them drive out impurities and build up the system. With such a tried and true medicine awaiting you at the closest drug store, will you go on suffering and looking badly when so many others similarly afflicted have turned to S. S. S. and found the meaning of perfect health? Our Medical Department will gladly advise you about your case without cost to you if you wish to avail yourself of this service. White's Diamond Brand Crab Orchard Concentrated Mineral Water a Panacea

The Wisdom of Scientists

Physiological and Medical Scientists of renown express themselves as convinced that most—if not all—chronic and incipient diseases have their origin in, and should be reached curatively through, the Liver or the Kidneys. These organs constitute the great cleansing and filtering systems of the human body. When they perform properly, all is well. On the other hand, if sickness or constipation prevails it must be reached for correction primarily, AND AT ONCE, through the Liver and Kidneys—the seat of its origin: the breeding place of the disease-producing Microbes and toxines that are variously the cause of every affliction.

White's Diamond Brand Crab Orchard Concentrated Mineral Water a Panacea

To specify the numerous diseases curable by White's Crab Orchard Concentrated Mineral Water is needless in the light of what has been stated. This water is a SPECIFIC (meaning an absolute) remedy for ALL Liver and Kidney difficulties; therefore, it follows that it is practically a HEALING AGENT FOR EVERY DISEASE OF THE HUMAN SYSTEM. This, then, involves diseases of the stomach; of the bowels; of the nerves; of the heart; of the lungs; of the blood; of the muscles; of the bones and even of the skin, etc.

If You Value Health, Beware

When the Liver or Kidneys, therefore, are disordered, LOSE NOT A MOMENT'S TIME in setting them right. With White's Diamond Brand Crab Orchard Concentrated Mineral Water which is not a drug—it is Nature's remedy put here for the afflicted, therefore do not get the Laxative habit as physicians everywhere are discarding the use of violent purges in favor of Crab Orchard Mineral Water which has the endorsement of the highest Medical Authorities.

has to say about cream separators this week.

REMEMBER that a cream separator has to be used 730 times every year. If it runs hard, or isn't easy to wash, or doesn't skim clean, it is a constant annoyance and bother.

No machine or implement on the farm receives such constant use and there is no other machine on the farm where quality of work means so much and first cost means so little.

Says Woman's Beauty Depends Upon Health

HEALTH AND VIGOR NECESSITATE REGULATION OF ORGANS OF ELIMINATION.

Skin foods and face creams and powders cannot make a woman beautiful, because beauty lies deeper than that—it depends on health. In most cases the basis of health and the cause of sickness can be traced to the action of the bowels.

The headache, the lassitude, the sallow skin, and the lusterless eyes are usually caused by constipation. An ideal remedy for women, and one that is especially suited to their delicate organisms, is found in Dr. Caldwell's Syrup Pepsi, a mild laxative compound, pleasant to the taste and free from opiates and narcotic drugs of every description. Mrs. Gertrude Jordan, 522 North Liberty St., Indianapolis, Ind., says: "It is simply fine; I have never been able to find anything to compare with Dr. Caldwell's Syrup Pepsi. I started using it for the baby and now it is my family standby in all cases where a laxative is needed."

Maternity! The Word of Words

It is written into life's expectations that motherhood is the one sublime accomplishment. And if there is anything, no matter how simple, how apparently trivial it may seem, that it can aid, help, assist or in any way comfort an expectant mother, it is a blessing. And such is a remedy called "Mother's Friend."

You apply it over the abdomen, gently rubbed on the surface, and makes the muscles pliant; this relieves the strain on ligaments, natural expansion takes place without undue effort on the mind. And in due time approaches the mind to give through a period of repose, of gentle expectancy, and has an unquestioned influence upon the future child. That this is true is evidenced by the fact that three generations of mothers have used, and recommended "Mother's Friend." Ask your mother druggist for a bottle of this splendid remedy. It will be a great service to you. And then write to Bradfield Regulator Co., 407 Lamar Bldg., Atlanta, Ga., for a most interesting book of information to prospective mothers. It is mailed free. Write today. It is a book you will enjoy.

Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOB, 1642 Fulton St., Harrisburg, Penn.

Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. Yost, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout children and am able to work hard every day."—Mrs. CLEMENTINE DUERRING, 24 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice.

or an inverted crescent. Sun later, as he closely watched the light-spanned shore line, he caught sight of two small winged eyes of green and red. Accepting this apparently as a signal, he swung in close under the shadow of a coal barge and made fast at the slip end, where high above him a waiting taxicab stood close beside the stringpiece. Yet, hurried as the man in the mask seemed to be, he took time to sit under one of the cabin lamps and indite a short epistle. This was done in utter silence. The moment the launch had been completed the lamp slipped out from the wharf shadow.

The excited man of finance, who had been shouting to his servants, suddenly ran to the nearest desk phone and struggled with the instrument. But his struggles were fruitless.

"My phone's dead," he cried out to Manley. "I can't raise central! I can't raise anything!"

"Then beat it for that bank of yours," advised Manley as he made for the door.

"Take me with you; for God's sake take me with you," cried Stonington, catching up his hat and coat and following him.

"I can't," retorted the young man as he darted for his waiting taxi. "I've got to look for a crook called Oyster Joe!"

The police lines about the ruins of the Third National bank, as Manley went scurrying through the streets little dreaming that a stranger had preceded him on that errand, had already been strengthened by additional reserves at the great motor truck with its bank guards was piled higher and higher with the gold from the blistering vaults. Then came the call for "Gangway!" And it became more and more evident that no timely intercession was to rob Legar and his men of their spoils. The heavy truck was already crawling out from the wharf, its great wheels crunching over cinders and charred wood, as a messenger ran up to the officer in charge, calling him to the telephone.

The official held the receiver in his hand as the motor truck, gathering speed as it threaded its way through a narrow aisle of open asphalt formed by surging humanity, rounded the corner into Broadway, thundered northward for three blocks, and again turned eastward.

By the time John Stonington's launch had reached the bank, following the warning already sent on from headquarters, an empty vault lay amid the smoking ruins and Legar's galleon on wheels, loaded to the brim with its stolen gold, had slipped away unchained through the darkness and all trace of it had been lost.

The objective of that wheeled galleon, however, seemed to have been nicely appreciated by Oyster Joe, quietly smoking on the deck of an extremely powerful-engined but extremely dirty launch moored in the shadow of a wharf. That worthy indeed showed

that objective that fight!

Fierce as that fight was, it was not a prolonged one. For the white-bearded man, despite his age, with one final effort, succeeded in lifting his opponent clear of the deck-boards and flinging him head foremost into the black water. Then he turned and braced himself for the charge of the second man. This second man he met by dropping quite flat and unexpectedly on the deck itself. He felt the charging body go over his own, caught at one still kicking foot as he twisted quickly about, and before his opponent could recover from that fall the patriarchal boat owner had assisted his unwell guest over the deck-lip after his companion.

But, oddly enough, in that struggle the bewhiskered old boatman had undergone a sudden and startling change.

The clutching fingers of his enemy in the second contest along the boatdeck had buried themselves in the thick white beard decorating that launch owner's chin. And when this enemy went overboard that fringe of whiskers went with him, leaving at the wheel a somewhat altered and considerably younger looking man. And that this unknown amender of destinies was still intent on nursing the secret of his identity was further evidenced by the fact that, before turning his boat about and facing the ebb-tide current of the North river, he carefully adjusted over his nose a narrow band of yellow cloth, with its little apron

of Oyster Joe, they found themselves confronted, not by the millions in stolen treasure, but by a stiff-jointed and blasphemous old man in white whiskers, tied and lashed to one of his own shack beams.

"Don't yell at me about your damned gold," cried Oyster Joe, with a sulphurous string of oaths, when he was able to speak. "I never saw any gold! All I saw was that chain-lightning gink in a mask, the gink who's double-crossed me twice at the same game!"

Legar staggered back into a broken chair.

"So it's the Laughing Mask again!" he said with an oath.

Why not have one this year?

Weigh your saving in corn, your reduced need for hay, bran and other expensive fodder, the improved condition of your cattle from silage feeding, against the cost of a silo and there is only one way to figure it

You're Not Saving But Losing Money

by trying to do without a silo.

And every year you hesitate means a probably increased cost due to advancing costs of lumber, metals and labor. No better time than "right now," no better place than right here at home to get that silo you need.

PENN'S DRUG STORE

Stanford, Ky.

FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonfuls for 50 cents.

If everything was sold in as liberal and fair a manner as the below named druggists are selling Schiffmann's New Concentrated Expectorant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Schiffmann's famous Asthma, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, rather than buying another purely on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

gene Dunn, wife and daughter, motored north of Moreland Sunday afternoon and made a pleasant visit to the Newell's.

J. G. Weatherford, wife and son, Francis, of Stanford, were here Saturday from the city, where they spent a week purchasing spring milinery.

Everybody is planning to be in Hustonville March 28th to enjoy the biggest treat of the season. The Transylvania Glee Club, composed of about 30 talented young men will give an entire evening of high class reading, comic dialogues and music, consisting of classical, southern melodies and the popular leaders of the day. McCormack & Co., sold to W. D. Nave 16 head of 600-pound cattle at 7 1/2c. They were taken out to the Evan Lyon farm to be fed until grass comes.

Will Murphy of Stanford, was here Thursday on business. J. S. Murphy of Stringtown, accompanied him.

Mrs. Nannie Smith, of Oklahoma, arrived here last Thursday, March 16 and surprised everyone.

Reserved seats on sale at Riffe Bros.' store, 35 and 50 cents.

Mogul 8-16 Saves Its Own Price In Fuel Bill Reduction

THAT'S true. A Mogul 8-16 kerosene tractor saves its own price in fuel bill saving, as compared with a gasoline tractor.

Until April 1st the price remains at \$675 cash f. o. b. Chicago. Fortunate early purchases of material still allow you this low figure. After April 1st the price will be \$725, same terms.

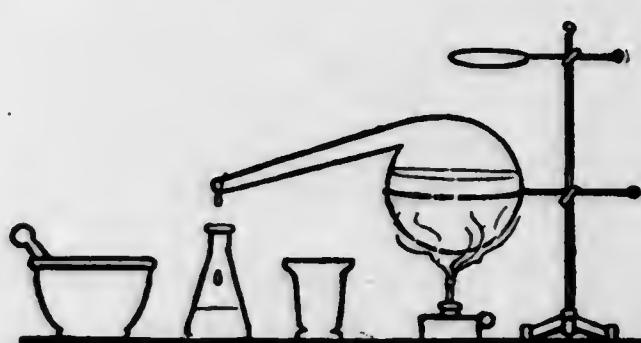

At either price the Mogul 8-16 is by far the most economical tractor because it operates on cheap, common kerosene or coal oil. Gasoline to run the gasoline tractor costs over 100 per cent more than the kerosene a Mogul 8-16 will use. Which is best for you?

You know what gasoline costs you, and you know what you pay for kerosene. Figure it out yourself, or see your dealer. This is a saving you can't afford to miss.
